If play cannot be resumed within 30 minutes, the officials may declare the match ended or suspended according to the rules (Rule 7-1-3). If a suspended match is to be completed, play shall be resumed from the point of suspension.
- (e) In a tie match where a winner must be determined, the Tie-Breaking Procedure under A, Nos. 2-4 in the 2010-11 Soccer Rules Book will be in effect with one modification in No. 2: Two five-minute sudden victory overtime periods will be the only overtime periods used. (This format change has been approved by the National Federation.) There will be five minutes between the end of regulation play and the first overtime, then two minutes between overtime periods.
- (f) If non-section and non-varsity matches are tied, they may be resolved only by the mutual consent of the participating coaches prior to the start of the matches. The tie-breaking procedure noted in (e) above will be used. (Non-section and non-varsity matches include those involving junior varsity, B-team, junior high and middle school teams.)

**DATES:** Each area in 5A & 6A must determine its winner and runner-up teams no later than April 18, each 1A-3A, 4A and 7A area its winner and runner-up no later than April 22.

**COORDINATOR'S RESPONSIBILITIES:** The designated coordinator of each area/section must have an organizational meeting of all participating area/section schools before Feb. 1 to finalize details of area/section play, including scheduling and establishing a procedure for making up or completing rained-out or suspended matches. Area/section matches take precedence over all other matches.

**FORMAT:** Each team in an area must play each area opponent two regular season matches (one at each school's site) no later than April 18 (5A & 6A) and April 22 (1A-3A, 4A and 7A) in order to qualify for the state playoffs. The winner and runner-up teams in 1A-3A, 4A, 5A, 6A and 7A will represent the area in the first sub-state round. Standings are based on the win-loss percentage against qualifying area opponents.

If a team plays another team in its area more than twice, only the first regular season match at each site will count in determining area winning percentage.

A Wilson ball must be used in all area matches and playoffs.

The starting times for matches played at home sites will be 5 p.m. for girls and 7 p.m. for boys if opposing coaches cannot agree on other times.

All playoff matches will have a multiple day window to play the game as long as both schools agree. Saturday games may be played on Thursday, Friday, or Saturday with the default day being Saturday. Tuesday's scheduled games may be played on Monday or Tuesday with the default day being Tuesday.

### TIE-BREAKING FACTORS

If there is a percentage tie by two or more teams for the area/section championship, apply the following tie-breaking factors in the order listed, beginning with (a) or (h) as determined by the number of teams in the tie. If a certain tie-breaking factor does not apply to the tie being resolved, apply the next factor in the order listed.

Determine the highest-ranked team first, then apply the same tie-breakers to determine the next ranked team.

(NOTE: One goal is added to the winning team's score in an overtime match.) A forfeit will be a 4-0 score.

Contests against teams that are not eligible for the championship program and contests in regular season tournaments are not used in figuring any tiebreakers.

#### Two-Team Tie

- (a) Head to head play in the two regular season area matches.
- (b) Goal differential in the two regular season area matches (up to a 4-goal differential per match). (Note: Goal differential is defined as margin of victory, the difference in the two final scores of the two teams involved.)
- (c) Goal differential against all area opponents during regular season matches (up to 4-goal differential per match).
- (d) Least number of goals given up against all area opponents during regular season matches.
- (e) Most goals scored against all area opponents during regular season matches (up to 4-goal differential per match).
- (f) Goal differential against the No. 3 area team in the two regular season area matches (up to 4-goal differential per match). If the teams remain tied, use the same goal differential against the other area teams, in order of finish, 4th, 5th, etc.
- (g) By coin flip.

#### Three or More Teams Tie

- (h) Highest percentage against all other tied teams during regular season area play. If one of the teams does not have a higher percentage against all the other tied teams during the regular season area play, the tie cannot be resolved by this factor. Then, the next factor will be applied to all the teams involved in the tie.
- (i) Goal differential against all other tied teams in the regular season area matches (up to a

4-goal differential per match). If two teams tie under this factor ahead of all other teams involved in the tie, the champion will be determined by applying the two-team factors for these two teams, beginning with (a).

If more than two teams remained tied under this factor, the champion cannot be determined by this factor. Then the next factor will be applied to all teams involved in the tie.

(j) Goal differential against all area opponents during regular season area matches (up to 4-goal differential per match). If two teams tie under this factor ahead of all other teams involved in the tie, the champion will be determined by applying the two-team factors for these two teams, beginning with (a).

If more than two teams remained tied under this factor, the champion cannot be determined by this factor. Then the next factor will be applied to all teams involved in the tie.

(k) Least number of goals given up against all other tied teams during regular season area matches. If two teams tie under this factor ahead of all other teams involved in the tie, the champion will be determined by applying the two-team factors for these two teams, beginning with (a).

If more than two teams remained tied under this factor, the champion cannot be determined by this factor. Then the next factor will be applied to all teams involved in the tie.

(l) Least number of goals given up against all area opponents during regular season area matches. If two teams tie under this factor ahead of all other teams involved in the tie, the champion will be determined by applying the two-team factors for these two teams, beginning with (a).

If more than two teams remained tied under this factor, the champion cannot be determined by this factor. Then the next factor will be applied to all teams involved in the tie.

(m) Goal differential against the No. 3 area team in the regular season area matches (up to 4-goal differential per match. If the teams remain tied, use the same goal differential against the other section teams, in order of finish, 4th, 5th, etc.

If more than two teams remained tied under this factor, the champion cannot be determined by this factor. Then the next factor will be applied to all teams involved in the tie.

(n) By drawing out of a hat.
